Scatter Tubes

Petributes created the Scatter Tube in 2007 and we have the largest choice of designs and sizes available. We now offer all our Scatter Tubes in a tiny keepsake size. Details of design and size availability for the entire range may be found on the following pages 30-31. We have plain Scatter Tubes in a variety of colours to suit many companies' brands and offer a full design service if you prefer your own bespoke Tubes, which many of our customers have taken advantage of. The Meadow Tributes ranges shown below have matching condolence cards and wildflower seed packs.
